

Express Drying Suites

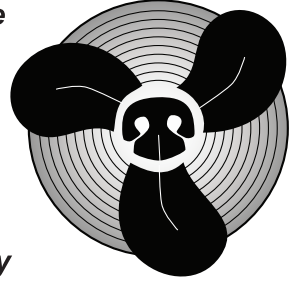

Quality-Tested by Dogs, Our Toughest Customers.

Dry Dogs with Non-Heated Air in Half the Time!

Our suites blow room temperature air at an extremely high volume to quickly and safely dry your pets. The relatively low humidity room temperature air moved at high volumes over and around the pet will dry the pet more quickly and more safely than low volume / high velocity heated or unheated systems.

Easy Installation

- Set up in minutes - no tools required!
- Turnkey Express Drying Suites or easily swap panels on an existing Express Suite

2 Standard Sizes

- 32" (32" H x 32.75" W x 48" D) - spacious and comfortable for dogs of all sizes
- 46" (46.5" H x 32.75" W x 48" D) - for those taller dogs who need more leg room

High Volume Air Movement

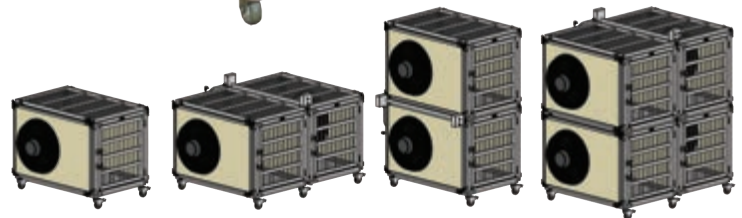

- Optimal position to dry dog's whole body
- 2,940 - 3,670 CFM

Quiet Operation

- 48-62 dBA (everyday conversation level)
- Permanently lubricated ball bearings

Energy Efficient

- Maximum 1.9 A draw per suite

So many possibilities!
